The National Defense Authorization Act (NDAA) is a United States federal law that authorizes funding and policies for the U.S. Department of Defense (U.S. military and other critical defense priorities). The NDAA Section 889 prohibits the use of telecommunications or surveillance/security equipment and systems produced or provided by certain Russian or Chinese companies, as well as their subsidiaries and affiliates, for federal government projects and contracts. Section 889 also prohibits government contractors from using these items, regardless of if they are used for work under a federal contract.

Shanghai IOTARS Co., Ltd. affirms that the following product: **SCOUT PRO** is NDAA compliant.
