

High-quality, low-bandwidth
camera streaming service

JizaiEyes

*Connect Anywhere.
Seamless Realism.*

☒ High-quality resolution ☒ Low latency ☒ Built-in network functionality

JizaiEyes delivers real-time, crystal-clear video from any site!

"JizaiEyes" is a network camera that ensures high-quality, low-latency live video even in unstable connectivity environments thanks to its proprietary compressed video transmission technology and reduces the stress of remote on-site monitoring.

Poor network environments: Inside buildings, tunnels, high-altitude locations, etc.

High-efficiency video compression technology

Cross-platform compatibility

Why Choose JizaiEyes?

Stable Streaming in Poor Network Conditions

With proprietary compression technology, JizaiEyes ensures lightweight video streaming and smooth viewing even inside construction sites or tunnels.

Easy Installation with Plug-and-Play

Simply plug it into a power source, and it's ready to use. No complicated setup required.

Cross-platform UI

Our browser-based UI works anywhere with an internet connection.

High-Quality, Low-Latency Video

Experience crystal-clear Full HD video with exceptional real-time responsiveness that captures even the finest details.

30-Day Video Log

Our cloud-based system records up to 30 days of footage, enabling you to review construction activities and identify any problem areas.

Video Streaming in Dark Environments

Our configuration options permit viewing even at night or in dark locations.

We Can Solve These Challenges!

High running costs make video streaming implementation difficult.

Poor communication environments prevent internet-based monitoring solutions.

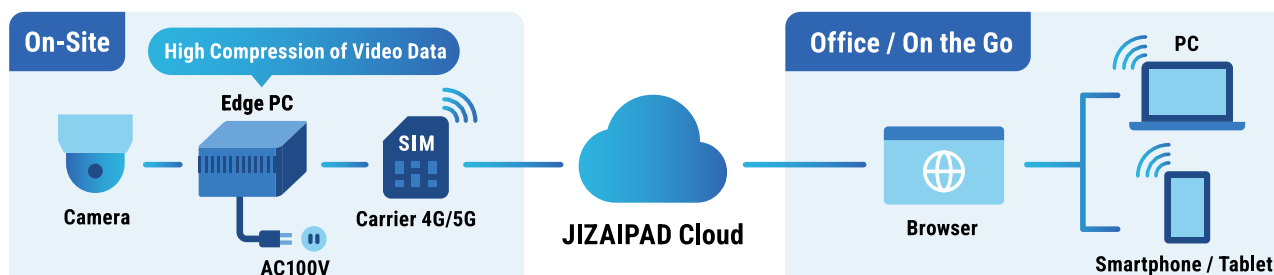

Interrupted video streams cause frustration.

Unstable video ultimately forces on-site visits.

Overview

Use Cases

Safety Management

Monitor safety equipment, detect hazards, and help prevent accidents.

Progress Management

Check the progress of machine processes in real-time.

Quality Management

Manage construction or manufacturing systems to prevent defects.

Security Management

Monitor materials and heavy equipment to prevent damage.

Work Recording and Reporting Management

Capture and record work activities to streamline reporting.

Features

24/7 Continuous Recording

Record up to 30 days of footage.

Create Video Clips

Create custom clips by trimming your recordings.

Live Multi-Viewer

Play multiple live streams simultaneously.

Recording Multi-Viewer

Play multiple recorded videos simultaneously.

Time-Lapse

Create Time-lapses to speed up longer clips.

Share Permission Settings

Configure viewing permissions for users.

Data Adjustment Features

Adjust video quality and frame rate according to the network conditions.

Remote Pan-Tilt Control

Operate the camera angle remotely.

Remote Optical Zoom Control

Remotely zoom in and out on desired areas.

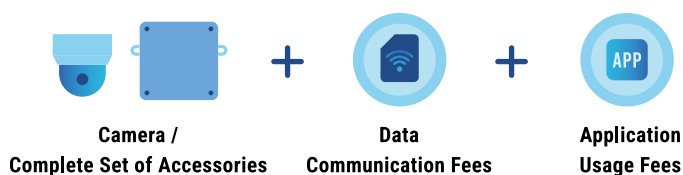

Product Specs

JizaiEyes	
Resolution	1080P (Full HD)
Field of View	90 degrees to 360 degrees (depending on the camera model)
Maximum Frame Rate	30 fps
Night Vision	Yes
Pan-Tilt-Zoom (PTZ)	Yes (21x Optical Zoom)
Outdoor Measures	Dustproof, Waterproof Type
Operating Temperature	-10°C to 50°C
Box Dimensions	W245mm,D182mm,H245mm
Box Weight	Approximately 3.5 kg
Power Supply	AC Power : 100V

Pricing & Rental Plans

We offer packages designed to minimize setup hassle and get you straight to streaming.
