Safety Management

Why Choose JizaiHands?

Stable Streaming in Poor Network Conditions

With proprietary compression technology, JizaiHands ensures lightweight video streaming and smooth viewing even inside construction sites or tunnels.

High-Quality, Low-Latency Video

Experience crystal-clear Full HD video with exceptional real-time responsiveness that captures even the finest details.

Instant Video Streaming on App Launch

Simply launch the dedicated app and video streaming begins immediately.

Cross-platform UI

Our browser-based UI works anywhere with an internet connection.
