

Installation video guide

Scan the QR code on the right and follow the video instructions to install it.

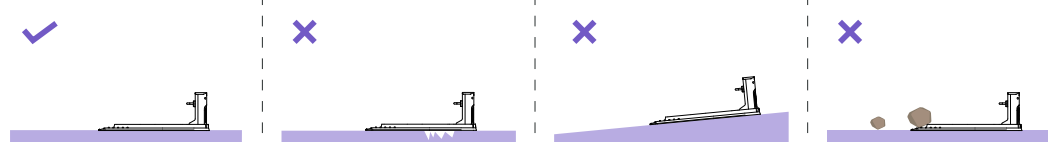

Download the ANTHBOT App

ANTHBOT App can be downloaded from Apple APP Store or Google Play, or scan the QR code to download and install ANTHBOT App. After downloading, please register an account, log in and follow the APP prompts to add the device to start using.

Step 1 Find location

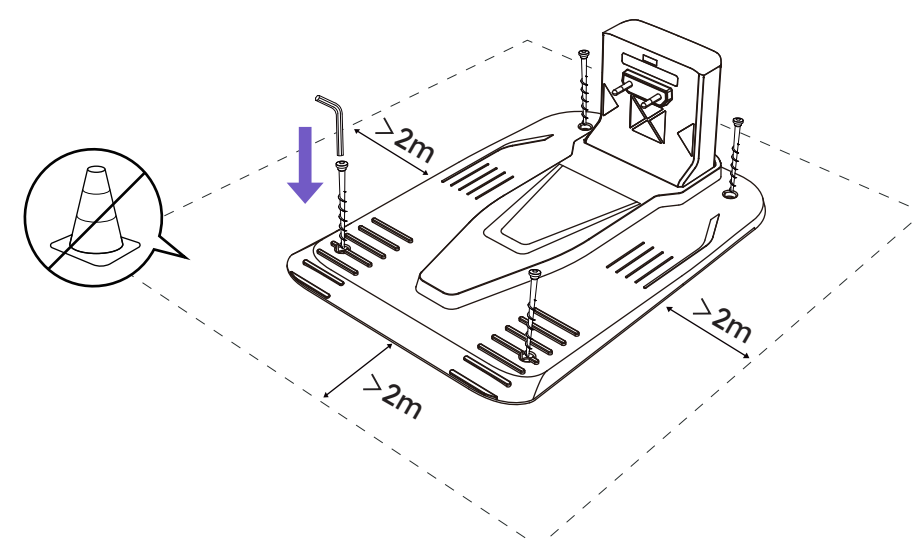

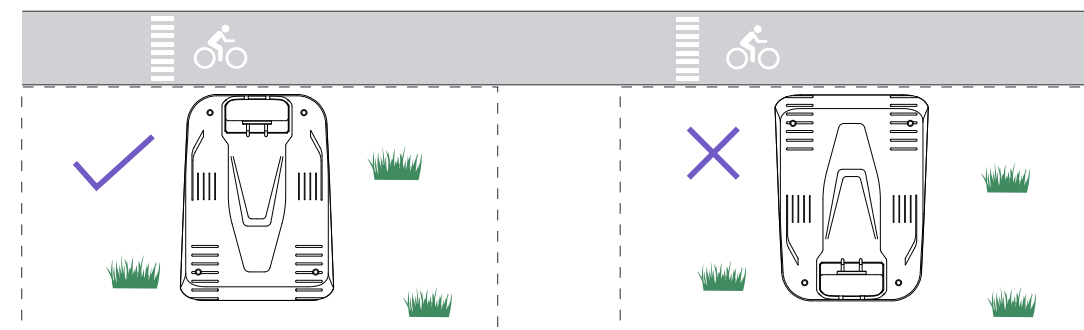

Place the charging station on a flat surface near a power outlet and in an area with a strong Wi-Fi signal.

Step 2 Installation

Placing the charging station on the lawn

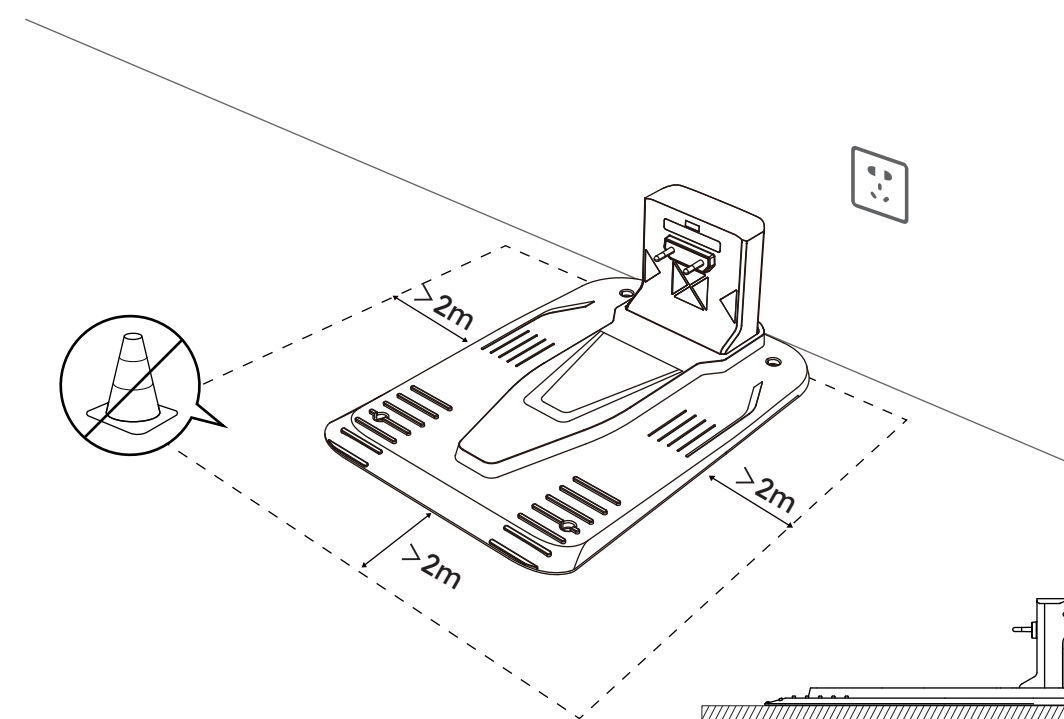

Find a suitable location for the charging station as required, and use a hex wrench to tighten the 4 plastic screws to secure it.

Placing the charging station indoors

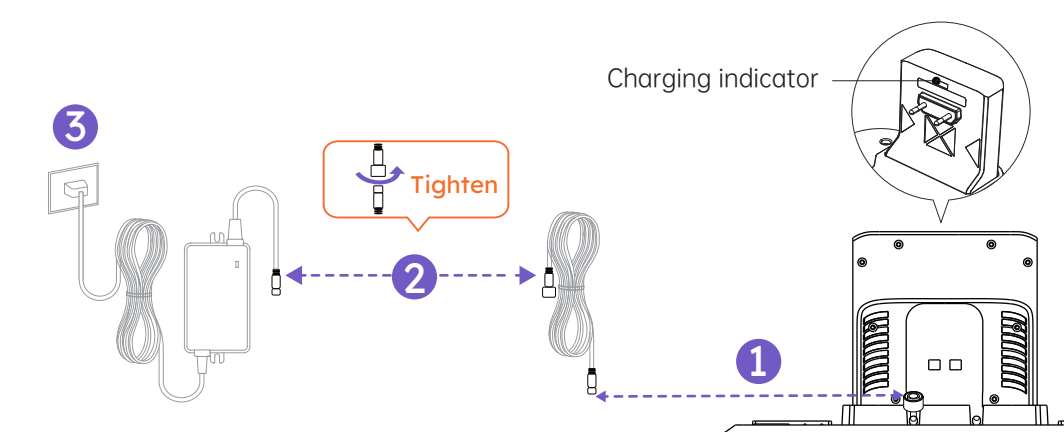

Place the charging station on a hard, flat surface flush against a wall, and ensure the area is clear of obstacles for 2m in front and 2m on each side.

NOTE:
There must be a clear, unobstructed path between the charging station and the lawn to allow the mower to access the mowing area.

Connecting the power supply

Connect the charging station power interface to the adapter, then plug it into a power outlet. Use a power extension cable if necessary.

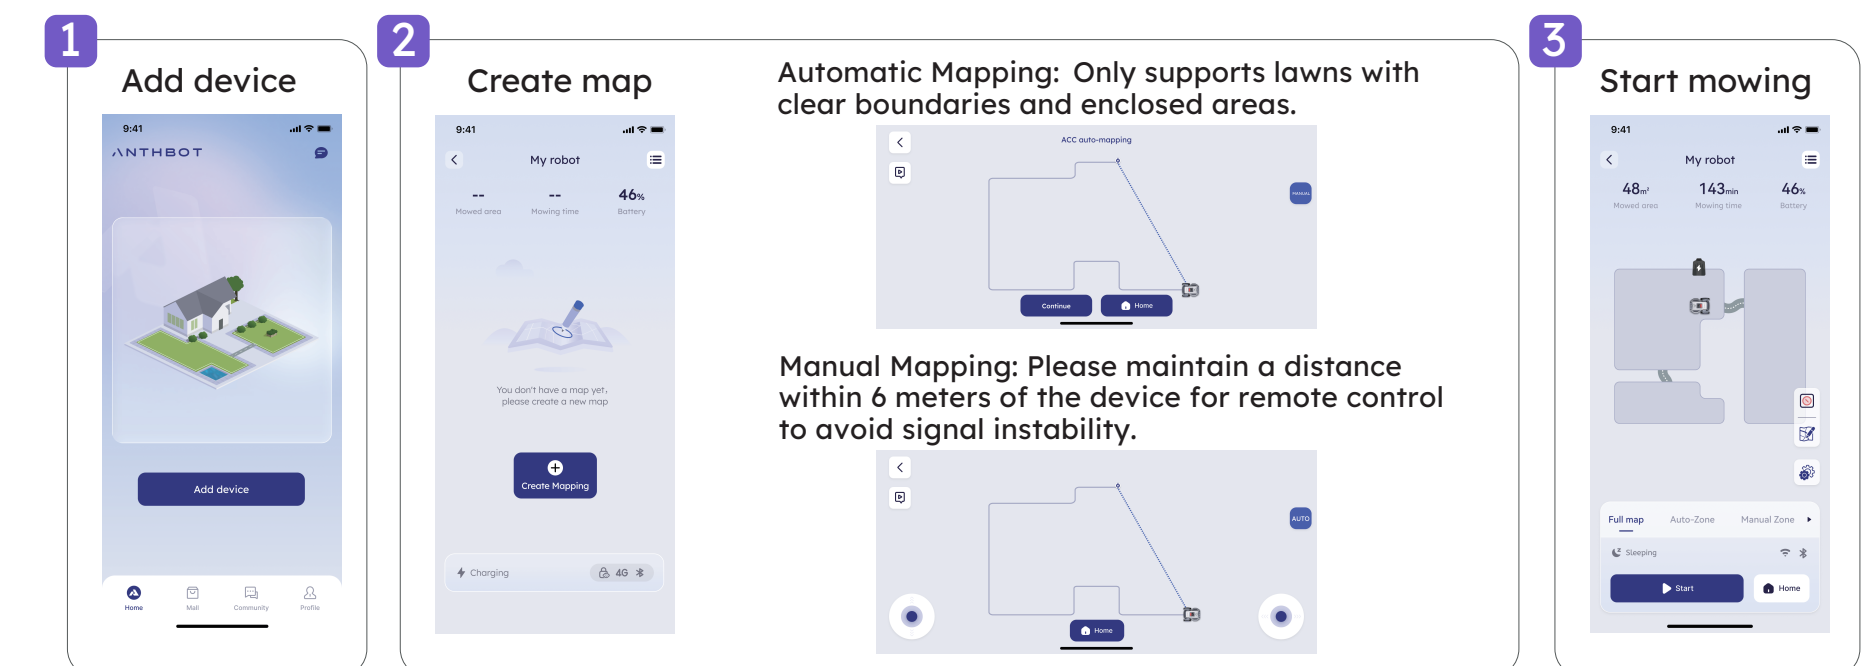

Note:
The indicator on the charging station remains solid white when powered.
Please place the adapter in a dry location where it will not be submerged in water.

Step 3

Operation

App operation

Warning :

1. Please create a map before starting the task.
2. Make sure to start from the charging station before creating a map.
3. After the charging station is moved, you need to recreate the map.
4. When using automatic map creation, please make sure your lawn has clear boundaries.
5. Please create the No-go Zone in the application to prevent the device from entering the dangerous area.

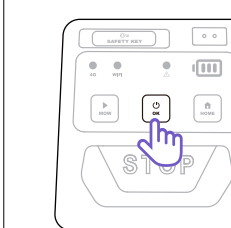

Mower operation

Unlock the mower

Ensure the safety key is installed on the device. The machine cannot start without the safety key.

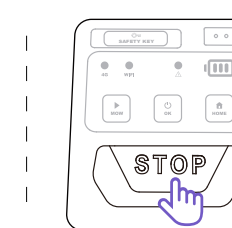

Power on/off

Press and hold 3s

Stop mower operation

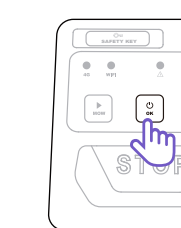

Press STOP

Start global mowing

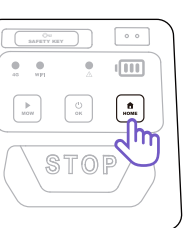

Step 1

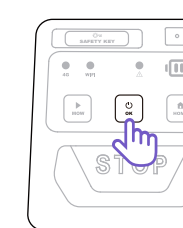

Step 2

Mower returns to the docking station

Step 1

Step 2
