MAXIMIZE YOUR PISTACHIO HARVEST WITH EDETE'S PROVEN POLLINATION SOLUTION

For four years, **Edete** has been a trusted partner to top pistachio growers in California. Our innovative approach to mechanical pollination has delivered significant yield increases and mitigated the challenges of insufficient pollination caused by pollen shortages and desynchronization between male and female trees.

INTRODUCING THE 2B[™] POLLINATOR: THE FUTURE OF PISTACHIO POLLINATION

Our unique and innovative 2B[™] pollinators utilize advanced technology to ensure uniform and effective pure pollen dispersal. These machines, coupled with our high-quality, fertility-tested pollen, guarantee optimal pollination results.

WHY CHOOSE EDETE'S MECHANICAL POLLINATION SERVICE?

Proven Yield Increase:

Our technology has demonstrated a typical increase of 15-30% in yield per acre, providing a high return on investment for our customers. This impact was significant in both a very good year like 2023 and a challenging one like 2024.

End-to-End Service:

We provide a comprehensive and seamless pollination solution, from initial orchard assessment to botanic monitoring, assessing the optimal time for pollination, and reliable operation on your property, ensuring optimal results.

EDETE'S COMMITMENT TO YOUR SUCCESS

Our team of experts is dedicated to providing exceptional service and support. We work closely with you to tailor a pollination plan that meets your specific needs, ensuring maximum efficiency and productivity.

Don't Miss Out on This Opportunity!

Contact us today to learn more about how Edete's mechanical pollination service can elevate your pistachio orchard. Let us help you achieve a bountiful harvest and secure your financial success.
